

## **Western States Commercial Real Estate Finance Conference Committee**

**September 5-7, 2018, Wynn, Las Vegas, NV**

*Members of this Committee must be employed by a California MBA member company in good standing in order to participate*

This Conference is aimed at commercial mortgage bankers and those companies that offer products and/or services to that segment of the industry. This Committee is responsible for:

- developing the agenda for the conference including identifying current topics/issues of interest to the originator community
- creating an attractive format for commercial real estate finance companies and product providers to gain benefit by participating as sponsors
- identifying appropriate speakers who are experts in their area (Note that those with California MBA member companies and/or sponsors or exhibitors for the conference will be given first consideration for all speaking positions)
- meeting deadlines for agenda development so as to maximize marketing potential
- working with California MBA staff to identify, solicit and secure sponsors and exhibitors to meet overall conference financial goals
- using their professional networking venues to help promote registration, sponsorship and exhibit opportunities to the industry (Note that California MBA staff is available to create tailored messages if needed)
- participating in all meetings of the committee which are held via conference call with a duration not to exceed one hour. Frequency of these calls will vary depending upon status of outstanding projects or overall annual goals but are typically twice a month for the calendar months preceding the conference and more often as needed.

## **Western Secondary Market Conference Committee**

**July 16-18, 2018, Westin St. Francis, San Francisco, CA**

*Members of this Committee must be employed by a California MBA member company in good standing in order to participate*

This Conference is aimed at the mortgage banking companies that sell on the secondary market and those companies that offer products and/or services to that segment of the industry. This Committee is responsible for:

- developing the agenda for the conference including identifying current topics/issues of interest to the originator community
- creating an attractive format for product providers to gain benefit by participating as sponsors or exhibitors
- identifying appropriate speakers who are experts in their area (Note that those with California MBA member companies and/or sponsors or exhibitors for the conference will be given first consideration for all speaking positions)
- meeting deadlines for agenda development so as to maximize marketing potential
- working with CMBA staff to identify, solicit and secure sponsors and exhibitors to meet overall conference financial goals
- using their professional networking venues to help promote registration, sponsorship and exhibit opportunities to the industry (Note that CaliforniaMBA staff is available to create tailored messages if needed)
- participating in all meetings of the committee which are held via conference call with a duration not to exceed one hour. Frequency of these calls will vary depending upon status of outstanding projects or overall annual goals but are typically twice a month for the calendar months preceding the conference and more often as needed.

## **Mortgage Technology & Marketing Committee**

*Members of this Committee must be employed by a California MBA member company in good standing in order to participate*

This Committee will support the development and dissemination of new technologies, marketing strategies, and other related industry improvements. This Committee is responsible for:

- providing avenues for discussions, such as webinars and conference calls, between California MBA members on trends and forecasting.
- soliciting ideas and new industry technological tools from California MBA members, provide feedback, and discuss/make recommendations as necessary.
- identifying marketing experts within membership, and soliciting new ideas and strategies for distribution to membership in appropriate ways.

## **Mortgage Quality and Compliance Webinar Committee**

*Members of this Committee must be employed by a California MBA member company in good standing in order to participate*

This Committee will provide opportunities dialogue and education for mortgage quality and compliance professionals. This Committee is responsible for:
