

California MBA Foundation

California MBA Foundation

The California Mortgage Bankers Association (CMBA) is pleased to be launching the charitable non-profit organization, the California MBA Foundation. The Foundation has been established to support a variety of programs including consumer financial education, industry professional development and projects to promote homeownership in California.

Celebrating its 50th anniversary in 2005, the CMBA is the premier California advocate for the residential and commercial real estate finance industry, representing its members before all government and regulatory agencies. Headquartered in Sacramento, California, CMBA promotes fair and ethical lending practices through a wide range of educational programs, services and industry publications. CMBA provides its members a competitive edge by effectively aggregating political, economic and marketing power. Its membership of companies includes all elements of real estate finance.

The creation of the California MBA Foundation allows the CMBA membership an opportunity to give back to California's communities. Working together, we can accomplish great things for our state.
