# MSR Market and Modeling Update

In this FREE 60-minute webinar for California MBA members, you can learn about:

- Key trends in the MSR market and how those trends are affecting market participants and those responsible for MSR valuations
- Valuation and risk management trends MountainView is observing in top servicers' financial disclosures
- Current best practices in valuation modeling
- Valuation insights MountainView has gained from re-engineering trades

The presentation covers both financial and transactional aspects of servicing and servicing assets and will be followed by a Q&A session with the presenters.
